

# PRELIMINARY SPECIFICATION

**FAVEPC Inc.**

**FAVEPC Wireless Remote Controller**

**The FAVEPC wireless remote controller is easy to use in the home application, like the TV, DVD player and so on. FAVEPC's advance technology delivers reliable, low power consumption, green and cost-effective of remote controller. This provides either good control or good function and let end-user easy to operate.**

## **Remote Controller™ Features**

- Center Frequency:
  - ISM band : 433.92 MHz
- Low power consumption
  - Average power: under 3mW
  - Over 2 years battery life time
- Operation condition
  - Operation Temp: -15~+55°C
  - Operation Voltage: 3.6V~2.5V
  - Operation Range: 5 meter normally
  - FCC, NCC, CE compatible

## **Federal Communication Commission Interference Statement**

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does

cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**FCC Caution:** Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.
